Dear colleagues, dear students,

we invite to an online afternoon event on Thursday, 2nd June on the topic „Work with children in times of crisis and disaster“.

This event is addressed to all who work with children and families or are interested in this field of practice. Together with guests from different countries we want to share experiences and concepts regarding work with children in times of crises and disaster from an international perspective. In addition to keynote presentations, the event will focus on exchange and discussion on the topic, especially in the context of the war in Ukraine and subsequent developments in our societies (see program below).

The aim is to get into conversation with each other and to think outside the box. We would appreciate your participation, there is no registration needed.
